CRAWFORD'S

MONUMENTAL WORKS

1855

1880

I take the present opportunity to thank the people of Buffalo and the surrounding country for their liberal patronage, by which I have been enabled to establish here a Manufactory of

FINE MONUMENTAL WORK.

Beginning in small way on the 15th of April, 1855, I have, in the past TWENTY-FIVE YEARS, during which my wo. have been in the same place and under one name, endeavored to do the work entrusted to me to the best of my ability, and I now have in 1880, facilities for furnishing the very best work in the most economical manner.

I use annually over three hundred tons of granite, from the best quarries in the United States. My work is all done here and gives employment to quite a number of mechanics, and also permits the purchaser to view his work during its entire progress to completion. My attention now is wholly given to MONUMENTAL WORK, and I have constantly on hand a large stock of Monuments and a full line of plans embodying all the principles of art applicable to the trade. I respectfully solicit the favors of former patrons, and the orders of the public for Monumental Work, which I now have better facilities than ever before to execute to the entire satisfaction of all, and I give all orders my personal superintendence.

TO WHICH IS ADDED A

BUSINESS DIRECTORY OF BUFFALO.

BUFFALO:
PUBLISHED BY THE COURIER COMPANY.
No. 197 Main Street.

1880.

ANNOUNCEMENT FOR 1880.

In presenting this issue of the BUFFALO CITY DIRECTORY to our patrons, the Publishers are content to let it rest on its merits as a work of its class. Nothing has been omitted on their part bearing on accuracy or completeness.

There are improvements in this volume over its predecessors which will commend it, particularly the alphabetizing and the arrangement of firm names, and the avoidance of duplication of residences, etc.

The matter for general information has been prepared with especial care. The Street Directory has been revised according to recent alterations in nomenclature. It is unfortunate that the authorities in re-naming certain streets did not provide for their immediate re-numbering, which neglect must give rise to some confusion. For instance: Eleventh and North Washington streets are now known as West avenue, but the separate sets of numbers have not as yet been changed. There are other examples of the same kind.

This DIRECTORY includes about 50,000 names, a substantial increase over the canvass of last year, and represents a population of about 160,000.

All public and private enterprises have prospered, and Buffalo is advancing in population and wealth. Every citizen has reason to feel gratification at the exhibit in the DIRECTORY for the current year.

BUFFALO

STREET AND AVENUE DIRECTORY.

EXPLANATION.

It will be noticed that in this Street Directory the names of the streets are set down in alphabetical order, giving the course which they run, according, as near as possible, to the points of the compass, and enumerating all streets which cross the same in the order in which they occur. The streets in the city were renumbered in 1868, and the following method was adopted, to wit: From the starting point of the street, measuring along the line of the street twenty feet; then making No. 1 to the right-hand side, and No. 2 to the left-hand side, and so on, each twenty feet, whether there be a building or a vacancy, or a street crossing. The number on one corner has been given, so that a person wishing to find, say, 429 MAIN STREET, on consulting the Street Directory, finds that the right-hand corner of Main and Mohawk is No. 427, consequently, the place he seeks is only a few doors above.

The law providing that prepaid letters and postal cards shall be forwarded from one post-office to another, at the request of the party addressed, without additional postage, applies only to those not delivered. A letter or postal card that has been delivered to an authorized person, and by him re-directed to another post-office, cannot be forwarded to its new address without prepayment of additional letter postage. Such re-directed and unpaid matter is daily dropped into the street letter and office drop boxes, and is, under instruction, forwarded to the Dead Letter Office.

Newspapers, periodicals and miscellaneous mailable matter cannot be re-mailed or forwarded without prepayment of stamps, at the rate of third-class matter.

Letters not Advertised.

The following classes of letters are not advertised: Drop letters; letters bearing requests to be returned to writers if unclaimed; box letters; letters directed and sent to hotels, and then returned to the post-office as unclaimed—being for strangers; letters returned from the Dead Letter Office to writers.

This privilege cannot be held to include the price of such articles, or any writing other than above specified.

A subscriber cannot remail his paper to another without prepayment of postage at transient rates.

Postmasters cannot deliver from their respective offices letters addressed and deliverable from other offices, except in case of letters addressed to discontinued offices nearest the office where such letters are held for delivery.

Money should not be enclosed in an ordinary letter.

Valuable letters should be carried to the Post Office and registered. If money is to be remitted, a Postal Money Order should be obtained.

Money and other valuables sent by mail are at owner's risk.

Head letters with the name of the writer's Post Office and State, street and number. Sign them with full name, and requests that answers be directed accordingly.

It is the duty of the Postmaster at the mailing office, as well as the office of delivery, to carefully examine all printed matter, to see that it is charged with the proper amount of postage, and to defect fraud.

When publishers inclose handbills with their newspapers in violation of the law, the Postmaster is required to rate up such packages with letter postage according to the weight of the same, and, if not paid by the party addressed, to return them to the mailing office to prosecute the sender in the penalty of $5 in each case.

No extra postage charge is to be made for a card printed or impressed upon an envelope or wrapper.

The law limits the weight of packages to be sent by mail to four pounds, except books issued by order of Congress.

BUFFALO TYPE FOUNDRY

N. LYMAN'S SONS, ... Proprietors.

No. 36 WEST SENECA STREET.

By the completion of our new and powerful machines, we are now enabled to force metal into type (heretofore impossible) that will exceed in durability anything in the shape of Type now made in other places.

In case you need new Type for News or Book Work, we would advise you to give us your orders and you will be convinced, what we affirm, to be a fact.

If you let us know when you intend to renew your paper with type, and give us the size and quantity of type you use, we will hold ourselves ready to meet your wants with promptness.

ELECTROTYPING.

Printers will find it to their advantage to send their forms to be Electrotyped when large numbers are to be printed from them, thereby saving their type from wear. Also Books and Pamphlets Electrotyped as low as Stereotyping. Cuts, Borders, and in fact anything that needs Electrotyping.

In consequence of the death of Mr. N. LYMAN, former proprietor of the BUFFALO TYPE FOUNDRY, the style and name of this Foundry will be hereafter, *N. Lyman's Sons, Type Founders, Buffalo, N. Y.*

In making this change, we must return thanks for the favors shown this Foundry in the past, and hope that your trade will be continued with us, and that you will *give us an opportunity* to please you, as it shall be our endeavor to do so to the best of our ability.

We can supply you with anything in our line *at rates as favorable* as any Foundry in this country, and material that is *not excelled for beauty and durability.*

Printing Presses and Printing Machinery of all makers furnished at short notice.

Also Type adapted for Dick's Mailing Machines. Printers and Publishers merely giving the number of subscribers, can have fonts put up suitable for same.

Wood Type and Wood Printing Materials furnished.

Type from other founders' specimen books can be furnished at short notice.

Respectfully Yours,

N. LYMAN'S SONS.

THE REVOLVING PERCH BIRD CAGE

Patented Sept. 21, 1869; Nov. 26, 1872; April 3, 1877; Re-issued, Nov. 13, 1878.

A PLAY-HOUSE FOR THE WORLD'S PET.

The pleasure and joy furnished "Our Charmer" by the New Revolving Perch is wonderful to behold. Any Canary will learn to work them in a very short time, and once learned, it is surprising to see the amount of exercise a bird will take. These elegant and useful Cages have already become very popular. We know of many instances where dealers who handle our Revolving Perch Cage, have largely increased their sales, by placing in their show windows one of the cages with a bird inside to operate same.

The **Revolving Perch** is so new, that unless people see it in practical operation, they fail to appreciate what a charming novelty it is; or the great advantage to the bird in the way of exercise, which all Canaries require to keep them healthy, and constantly in song.

WE WOULD ALSO CALL THE ATTENTION OF THE PUBLIC TO

GOLD'S PATENT STEAM FURNACE

For which we are Agents, and which we unhesitatingly pronounce the best Heating and Ventilating Apparatus for Dwellings, Stores, Churches and Public Buildings in this country. The following is one of the many testimonials in our possession:

BUFFALO, May 23d, 1877.

MESSRS. IRLBACHER & DAVIS, 503 Main Street, Buffalo, N. Y.

Gentlemen:—I take great pleasure in expressing my entire satisfaction with the "Gold's Steam Heating and Ventilating Apparatus," placed by your firm in my house several years ago. It has been a great comfort to my family. My house was never so uniformly heated before, and I am satisfied that it is by far the best thing in existence for the purpose for which you recommend it, viz.: the heating and ventilating of dwellings, etc. The use of the boiler surface in connection with the Radiator I think especially valuable, as it is sufficient to warm any house during the mild weather in the Fall and Spring without the use of steam—the combination enabling us to use the heater in the mildest weather, and ample for the coldest—warming the heels as well as the heads of those who share its advantages, consequently we hear no more of complaints of cold feet, with headaches in the same breath. Finally, I cannot refrain from urging upon those who have the health and welfare of their families at heart to give your furnace a trial, and test it in their dwelling. I am satisfied the results will fully verify the most enthusiastic expression in its favor.

THE CATHOLIC UNION

A WEEKLY EIGHT-PAGE JOURNAL,

DEVOTED TO

Catholic Interests, and Catholic and General Literature and News.

PUBLISHED EVERY THURSDAY

BY THE

CATHOLIC PUBLICATION CO.

This admirable and enterprising paper is the organ of the Diocese of Buffalo, and is largely read in this city and the neighboring cities of Rochester, Lockport and Elmira—and indeed all over Middle and Western New York—for it is the only important exponent of Catholic opinion in this portion of the State; from this as well as from the style and ability of the paper itself, it is the acknowledged medium of address to Catholic thought throughout this extensive district.

Though Catholic in tone and object, as becomes the official organ of the Bishop of Buffalo, it is not confined to purely Religious topics, but goes out to meet every discussion of the day, has independent views, and not unfrequently has taken the position of a leader of thought on subjects of general interest.

The Editorial Department is devoted to the Religious, Political, and other interesting issues of the times. Its ability in this department has long been recognized.

This paper was organized under the auspices of Right Rev. Dr. RYAN, Bishop of Buffalo, is conducted by a clergyman distinguished for literary taste and ability, and is under efficient business management. It fulfills exactly the ideal of a CATHOLIC publication, and is excelled by none throughout the country that assume the title.

The "Union" is a valuable Advertising Medium, being the only Catholic Paper published in the English Language in Western New York.

"***No. 1. EXTRA COPYING***" (very soft), a substitute for ink. Letters written with this grade, can be copied in the usual manner by slightly dampening the ***copying paper;*** it is also excellent for ***marking linen.***

"***No. 2. GENERAL COPYING,***" for universal use. Being of ***medium softness,*** in order to produce a good plain copy fom letters written with this grade, the ***copying paper*** should be ***thoroughly dampened;*** it may also be used for marking linen.

"***No. 3. MEDIUM COPYING,***" for office use. This grade being ***medium hard*** is intended for ***order books*** and ***memorandums;*** the writing ***will not erase or blur*** by the pages of a book rubbing together; to produce a good copy, the ***copying paper*** requires to be quite ***moist.***

"***No. 4. NON-ERASIVE,***" for ***reporters*** and ***stenographers.*** This grade being, ***very hard*** and ***smooth,*** is more ***durable,*** and will ***hold a point*** longer than any other pencil of ***equal smoothness;*** it is the ***best*** for marking ***fine fabrics;*** a copy can be ***obtained*** by making the paper extra wet without removing the surplus water.

DIRECTIONS FOR MARKING LINEN, &c.

TO PRODUCE A GOOD RESULT,

first dampen the cloth slightly with water, and then write upon it as with any other pencil.

JULY, 1880.

R. G. DUN & CO.'S

REFERENCE BOOK

Will be issued promptly in the first week of July, and delivered to Subscribers. It will contain nearly **800,000 NAMES** of Traders in the United States and Canada, with their business, and an estimate of their worth, and an indication of their credit-standing. This coming issue will be the **50th Volume** of this work, the Mercantile Agency being in the 40th year of its existence. This Agency, which commenced business in New York in 1841, is older than any competitor by many years.

Its 83 Branch Offices in every city of any size in this country and Europe, are more than double the number of any other agency. This large number of established Branches enables this Agency to report the country in a most thorough and reliable manner, as evidence of which can be taken the fact that the Reference Book contains by MANY THOUSANDS MORE NAMES than ANY OTHER BOOK. The Book gives the Population of each place, Banking Town for each place.

POSTAL AND SHIPPING GUIDE

For the Whole Country, prepared under the personal supervision of E. W. Bullinger, whose aptitude, experience and facilities for the work are unsurpassed. An investigation will convince anyone that this Shipping Guide is infinitely superior to any Guide published by our competitors, or others. The Book also shows the County Towns of every State in the Union. Also, Official Statements of All Insurance Companies; Collection Laws of each State; Assignment or Insolvency Law of each State; Sittings of Courts in each State. Also, Laws of the States where Licenses are required by Commercial Travelers. As an instance of the magnitude of the labor involved in publishing this Book, it may be stated that above 1,700 changes a day are made in names or ratings throughout the year, or over 200 every business hour. The Agency employs directly **Over One Thousand Clerks and Traveling Reporters,** and has in its employ many thousand resident correspondents. It expends annually **Over a Million Dollars** in procuring and recording information for its subscribers, which at a safe calculation is at least several times as much as has ever been disbursed in the same business by any competitor, living or extinct.

Besides this we are now printing a ***Book of Great Local Interest,*** which we will soon present to our Buffalo Subscribers, and which will contain explicit directions

HOW TO SHIP FREIGHT FROM BUFFALO,

By Land or Water, to any place in the United States or Canada, showing the Freight Lines that take freight from Buffalo in each instance. The compilation of this information has taken several months' careful labor, and it will be found of great value to our subscribers. ☞ Full particulars as to subscription may be obtained at the office, ***Nos. 11 and 13 West Swan Street.***
